

WEST BEACH ROAD ASSOCIATION

MEMORANDUM FOR THE MEMBERS

Subject: - Residential survey

As part of our ongoing efforts to ensure the safety of your drinking water, we are required to protect our system against cross connections. As described in the enclosed brochure, cross connections are connections between the drinking water plumbing and a source of contamination. Cross-connections can make our drinking water unsafe.

The purpose of this questionnaire is to help determine if you have any special plumbing or activities that pose an increased risk of contamination to our water system. Please fill out the following questionnaire and check the appropriate boxes below:
